Therefore, the period for which he is seeking credit totals only 12 months and 17 days.

Agency buildings, on an average of twice a week during the period from the fall of 1960 until July 1961. Board Recommendation:

25X1A9a

The Board concluded that the service described by [REDACTED] contained a certain amount of service, perhaps as much as six to eight months, which was qualifying under the provisions of [REDACTED]

25X1A9a

The Board further concluded that [REDACTED] had not performed sufficient periods of domestic service, which were qualifying under the provisions of [REDACTED]

[REDACTED] which would total the 13 months he needs for the 60 months required for participation in CIARDS. The Board, therefore, recommended that [REDACTED] NOT be approved for participation in CIARDS based partially on domestic qualifying service.

4. The Board next considered a request from [REDACTED] 25X1A9a [REDACTED] for his removal from participation in CIARDS and his return to participation in Civil Service Retirement System. [REDACTED] who will become 60 years of age in November 1973, will complete 37 years of creditable service on 30 July 1972, and therefore would receive a higher annuity by retirement under the Civil Service Retirement System. The Board recommended that [REDACTED] be removed from participation in CIARDS and returned to the Civil Service Retirement System.

25X1A9a 5. The final case considered by the Board was a request from [REDACTED] GS-13, Intelligence Officer, Office of Basic and Geographic Intelligence, for the deferment of his retirement, scheduled for 20 September 1972, until 20 September 1974 for compassionate reasons. [REDACTED] will become 60 years of age in September 1972 and at that time will have completed more than 30 years of creditable service. He stated that his retirement income will not be sufficient to support his two sons who will enter college in 1972. He also stated that he provides a financial contribution towards the support of his mother. He further stated that, aside from financial obligations, he does not feel psychologically, emotionally, or avocationally ready for retirement, and he hopes to be professionally active for the foreseeable future. He concluded that, since practically all of his work history has been in the specialized field of geographic/cartographic intelligence, he would be at a disadvantage in the current labor market if he were to leave his present position this year.

25X1A9a The Director, Basic and Geographic Intelligence stated that OBGI will be in a surplus personnel situation in Fiscal Year 1973, and that an extension of [REDACTED] employment is not vital to the effective production of the Branch to which he is assigned. D/BGI recommended, with the concurrence of the DD/I, that this request be disapproved.

Board Recommendation:

25X1A9a The Board could find no undue financial hardship in this case and, since [REDACTED] request was not supported on the basis of a need for his services, recommended that the request not be approved. The Board did, however, recommend that [REDACTED] be granted a deferment of his retirement until 31 December 1972, which will provide him with the advantage accrued by retirement at the end of the year.

25X1A9a 6. The meeting adjourned at 3:05 p. m.
